WHAT WE DO

Here at MSM Kitchen Sdn Bhd, we offer a wide range of services leading from consultations and site visits up to customization and fabrication.

OUR SERVICES

CUSTOMIZATION

We offer "made to fit" concepts for different layout and sizes. Manufacturing stainless steel kitchen equipment to suit your exact requirements and with no limitation towards furniture equipment. Providing reassurance that our team of professionals will be guiding you throughout the whole process.

LAYOUT PLANNING

In maximizing the utility of space efficiency, we as well have a team of experts to provide services of layout planning and consultation by combining the myriad aspects of a building and client's expectations.

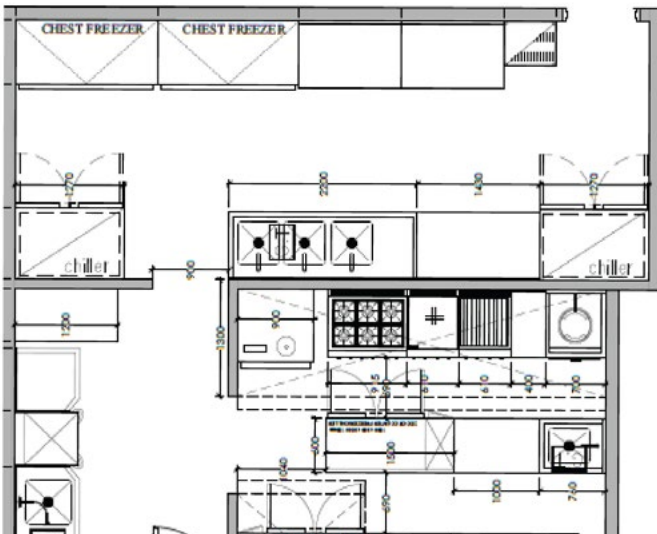

PROJECT CONSULTANCY

Our consultancy service consists of planning and design of commercial kitchens. This service not only covers the design of commercial kitchen, it also covers both project and site management. and rest assured that you are in good hands as our team of service technicians are trained and always on standby to serve as backup.

INSTALLATION & SERVICING

We carry out the installation and commissioning of kitchen equipment to ensure the perfection of our product efficiency. All units will be transported from the delivery vehicle into your kitchen, ready for the following installation work to take place.

WHAT MAKE US UNIQUE

We offer a comprehensive range of services when it comes to your commercial kitchen equipment. Our factory is backed by years of experience of working on large-scale projects. By working closely with our consulting team, we can design the kitchen to your exact specifications.

TOTAL SOLUTION PROVIDER

From forming small precise parts to the (full) fabrication of an entire machine.

BUILD THEM TO YOUR SPECIFICATIONS

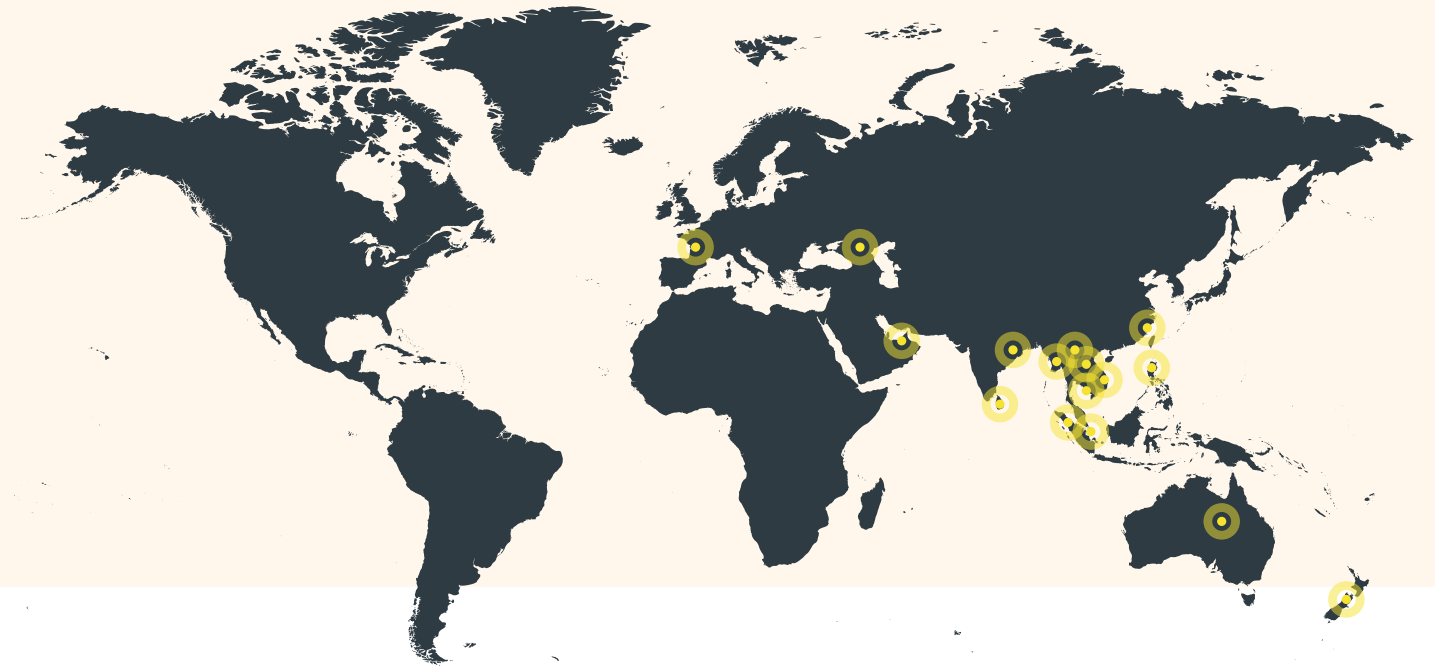

Our Group's investment in various sectors or industries enables us to understand needs and requirements and build them to your specifications!

ONE-STOP SOLUTION PROVIDER

We are also a one-stop solution provider of services such as consultation, layout planning, installation, and testing commissioning.

WHERE WE WORK

OUR INFRASTRUCTURE

As we expanded our company operations, our factory has also been expanding to keep up with the demand. Our 46,000sqft factory is now larger and better, occupying 62,000 sqft of production space. In order to cope with the growth of our two revenue streams, namely standard equipment and custom equipment fabrication, we now have two factories to better distribute the tasks and workload accordingly.

Our factory processes are distinguished into the front-end process and back-end process. At the front end, we have three departments, namely laser, punching and bending. The teams here are charged with the building and reconstruction of the equipment structure. At the back end, the departments are separated into welding, assembly, quality check, packing and delivery. Here, timeliness is the biggest priority.

We have more than 80 workers dedicated to ensuring that each and every equipment is made to the highest specification. With the capability to create new equipment every day, our storage capacity for materials can reach up to 20 sqft.

With our core values being at the heart of everything we do, quality is everything to us. We use only the best mechanical equipments to produce the best product. Our laser cutting machines are sourced from Europe. We use brands such as Trumpf from Germany and Bodor from Italy in our factory processes. We believe that investing in good quality mechanical machine is necessary to provide our customers with equipment that can stand the test of time and deliver better customer satisfaction. Furthermore, purchasing only the best mechanical equipment is also a necessity for us as our machine capacity is around 80% daily.

Being a total solutions provider, we know that honouring our lead time is important. As with everything we do, time is always of the essence and it plays a huge part in making the whole process as seamless as possible for us and our customers. For customized orders, our lead time is no longer than 2 weeks, therefore allowing customers to receive the equipment on time for their usage.

OUR SUCCESS STORIES

Throughout the years, with the support, trust, and opportunities given to us our success stories slowly grows every day.

SOME OF THE OUR FEATURED PROJECT

01

Project Name:

AEON @ BANGSAR SOUTH

Client Name:

Aeon

Date:

15/04/2018

Location:

AEON, Bangsar South

PROJECT BRIEF

AEON is the largest retailer in Asia. AEON is a retail network comprising around 300 consolidated subsidiaries and 26 equity-method affiliated companies ranging from convenience stores "Ministop" and supermarkets to shopping malls and specialty stores, including Talbots.

AEON is Japan's single-largest shopping mall developer and operator. Their goals is to provide the nearer and convenient store to their customers.

Project Name:

8 HAUS (WESTERN-FUSION KITCHEN)

Client Name:

8 Haus

Date:

20/11/2017

Location:

8 Haus (Western-Fusion Kitchen)

PROJECT BRIEF

8Haus offers a range of Western-oriental fusion food with heritage interior design.

Besides served as dining area, there's also an event space for private functions, workshop, or seminar.

A must try at 8haus is their signature Pork Roulade. Furthermore, we really like this XO Haus Linguine Ribs recommended by their staff.

02

Project Name:

MAMAKIM (CHINESE KITCHEN)

Client Name:

Mamakim

Date:

10/04/2019

Location:

Mamakim

03

PROJECT BRIEF

With the tagline "Where healthy is yummy", you can expect delicious and nutritious food at Mama Kim Sauna Mee Restaurant.

Their concept of 80% vegetables and 20% meat in a single dish makes Mama Kim a stand-out for those who prefer healthy and yummy dishes.

They use lots of vegetables. In other restaurants, vegetables may be merely used for garnishing, here it takes center stage.

The menu is designed to provide a balanced diet with fresh ingredients and five colours as well as no MSG, no white sugar, no white flour, and less salt.

Project Name:

KAMPUNG (NYONYA FUSION KITCHEN)

Client Name:
KAMPUNG

Date:
10/04/2019

Location:
Kampung Contemporary Dining

PROJECT BRIEF

Kampung allow their customers to dine in comfort just like how they used to in the kampungs. They combine modern & traditional cooking techniques to showcase the flavours of local produces.

The big challenge for this project is the compact size of the kitchen location.

04

Project Name:

THAI HOU SEK (THAI & CHINESE)

Client Name:
Thai Hou Sek

Date:
20/06/2017

Location:
Thai Hou Sek

05

PROJECT BRIEF

The idea of establishing a street-inspired restaurant was conceived in 1995 from a trip to Bangkok. Where Thai-Chinese comfort food can be found effortlessly in any street, corner and nook of the city.

Thai Hou Sek's menu emphasizes on sharing plates from the popular Thai-Chinese usual suspects to unconventional porkilicious goodness with a local twist. Some of the savoury signatures to look out for: Babi-Q Pork Neck, BKK Braised Pork, Fish & Bacon with Manow Sauce, Siu Yuk & Petai Bihun, Siu Yuk Fried Rice, Pad Kra Pao Petai, Seafood Tom Yam and Nam Tok Siu Yuk. For the ones with sweet-toothed, dig into our wicked Chocolate, Bacon & Baileys and Thai Hou Yum mocktail.

Project Name:

AEON (UPGRADE + GRAND OPENING)

Client Name:
AEON

Date:
21/11/2019

Location:
Taman Maluri

PROJECT BRIEF

After all the work, sweat and tears the team has finally done it. We are proud to say that Aeon has officially revamped and upgraded at Taman Maluri!

From consulting the clients to supplying and installing the equipment, we really appreciate the team that stood by us throughout this #journeywithmsmkitchen and made this work. We are also thankful for the people at Aeon that trusted us with their company and we would like to send out a huge thank you to each and every one of them.

06

Project Name:

THE CHICKEN RICE SHOP

Client Name:
THE CHICKEN RICE SHOP

Date:
28/05/2019

Location:
TROPICANA GARDEN MALL

07

PROJECT BRIEF

The Chicken Rice Shop (TCRS) is a chicken rice and Halal family restaurant chain in Malaysia that serve guests throughout the region with a total of 90 outlets in Malaysia and across the border to Myanmar and even Brunei.

They serves traditionally prepared steamed, roasted, honey barbecued and soy sauce chicken as its signature products. These signature dishes are served with fluffy chicken flavoured rice cooked to perfection from a recipe passed down through the generations, originating from Hainan Island.

Project Name:

VILLAGE GROCER

Client Name:

VILLAGE GROCER

Date:

29/11/2018

Location:

HYPERMARKET

PROJECT BRIEF

First established back in the 1950s, Village Grocer has known to become the go-to place for fresh produce.

Today, Village Grocer is a full-fledged chain of premium grocers across the Klang Valley and aims to be the leading premium supermarket chain in Malaysia.

08

Project Name:

VWRAP CAFE

Client Name:

Vwrap Cafe

Date:

05/03/2019

Location:

Sunway Geo (Chinese Kitchen)

09

PROJECT BRIEF

VWrap Cafe is a Vegetarian Cafe that serves healthy, nutritious and environmentally-friendly Asian and Western Cuisine using fresh ingredients and natural seasoning to emphasize on no preservatives.

They have a wide range of food to choose from such as Simple and healthy Vsalads or Vwrap to Naturally flavourable burgers and pastas. Fried rice and noodles dishes are also available if you are more interested in Asian Cuisine.

Project Name:

LINTON UNIVERSITY CAFE

Client Name:

Linton University

Date:

02/11/2017

Location:

Linton University

PROJECT BRIEF

Linton University College first established back in 1987 in Ipoh. In 2010, Linton received its University College status, marking 30 years as a key provider in the education industry.

Students are also given an inclusive and integrated campus, equipped with laboratories and modern facilities which allows them to study and pursue their interests comfortably.

10

Project Name:

XING FU TANG

Client Name:

Xing Fu Tang

Date:

21/11/2019

Location:

Sunway Velocity

11

PROJECT BRIEF

Known as one of the famous Bubble Tea Stores in Malaysia, Xin Fu Tang first established in 2018 and grew at a gam-changing pace with more than 30 stores in Taiwan and 30 stores internationally throughout Asia, Europe, and North America.

Project Name:

COLUMBIA HOSPITAL (STAFF CANTEEN)

Client Name:

COLUMBIA HOSPITAL

Date:

21/11/2019

Location:

JB (Hospital Staff Canteen)

PROJECT BRIEF

Columbia Asia is known as an international private healthcare company in Malaysia back in 1996. Now, Columbia Asia offers a total of 19 medical facilities.

Paving the way in private healthcare trends, Columbia Asia offers affordable medical services through its clinics and hospitals.

12

Project Name:

BLACK DRAGON

Client Name:

BLACK DRAGON

Date:

20/09/2019

Location:

Sri Hartamas

13

PROJECT BRIEF

Black Dragon, also known as 黑龙 Ji Long Tang (JLD) was founded in 1901, primarily engaging in the trade of Okinawan Brown Sugar. Their drinks prepared using quality ingredients from Taiwan and Japan.

Prepared using quality ingredients from Japan and Taiwan, you can definitely taste the love that goes into making each cup. The chewy boba pearls from JLD Dragon are also made from scratch, by hand. Topped with fresh milk and sweetened with Okinawa brown sugar, you can't go wrong with their signature brown sugar boba with fresh milk!

Project Name:
KAGURA RAMEN

Client Name:
Kagura Ramen

Date:
24/01/2020

Location:
KLCC

PROJECT BRIEF

It is to no surprise that the Japanese cuisine lifestyle has kept evolving in Malaysia throughout the years. While you can find sushi and yakitori that suits the palate of almost everyone, pork-free ramen however is usually hard to come by.

Surprisingly for Kagura Ramen, going by the name of Seimenka Kaguraya, back in Tokyo, their recipe has always been pork-free and lard-free. The restaurant also serves dishes like fried rice, gyozas and chicken-based char siew.

14

Project Name:
DUBUYO

Client Name:
DUBUYO

Date:
20/09/2019

Location:
Klaung Mall

15

PROJECT BRIEF

The urban food korean food, Dubuyo, consists of a variety of korean traditional cuisines.

From tofu, bean paste, chillies, garlic, and thick soothing broths, to its renowned tangy and spicy kimchi, Korean food is exceptionally healthy.

Project Name:

DABAO

Client Name:

DABAO

Date:

05/03/2020

Location:

Petaling Street

PROJECT BRIEF

As the restaurant name suggests, Da bao, their main offering consists of stuffing steamed buns with beautiful ensembles of intriguing ingredients, yielding sumptuously rich, satisfyingly Asian flavours. For customers that are interested in experimenting with their Da bao platter, they can put together their own baos.

Other than that, this restaubar also has a bar upstairs for customers who would like to enjoy a drink or two after their meal downstairs.

16

Project Name:

XING FU TANG

Client Name:

Xing Fu Tang

Date:

22/11/2019

Location:

CHINATOWN

17

PROJECT BRIEF

Known as one of the famous Bubble Tea Stores in Malaysia, Xin Fu Tang first established in 2018 and grew at a gam-changing pace with more than 30 stores in Taiwan and 30 stores internationally throughout Asia, Europe, and North America.
